Its use obviates the dreaded, and generally useless, physicians "examinations" and stereotyped "local treatments." It is the only medicine for women sold by druggists, devised by a regularly educated, experienced, and skillful specialist in these diseases, and its sale exceeds the combined sales of all other medicines advertised for this class of maladies. Taken during the period of pregnancy, it prepares the whole womanly organism for its time of trial and danger. It practically does away with the danger and with nearly all of the pain.

It is to Washington everything that Bay Ridge can be to Baltimore, and what Atlantic City is to Philadelphia. Colonial beach has many attractions and many advantages. I notice the place is growing in importance steadily and many new cottages have gone up since last year. It is now the business centre of a wide area that can hope for but little in the way of improvement just now, and the resort is now fast becoming a town.

The excursion boats are doing very well. The Moseley, the Sylvester and the Arrowsmith, especially on Saturday nights, are now enjoying a season of day nights, are now enjoying a season of friendly rivalry that does more good than it can do harm. The reports of the boats racing does not amount to shooks. More than in any other season before are e. e. endeavoring to gain by legitimate and altogether safe methods. The Sylvester is an old boat, but no older than the others it seems. I notice on this the others it seems. I notice on this boat some little things in the way of details that I tell Augustine are like those he keeps his eagle eyes upon in managing Wood's hotel. It comes under the head of neatness, safety politeness, accommodation and satisfaction, and I be one year after such as the property. If no one year after such as the property of the property of the property. dation and satisfaction, and I be-lieve others than myself have ral owners may redeem the land by noticed as much. Posey and Voorhees of this boat and Augustine of the hotel see that things go right and that their patrons are satisfied and pleased. Although there are boats and boats and hotels and hotels so-called, it would be hard to improve on these. Wood's rates are most reasonable. His rooms Wood's are as airy as a tent on the bluff, well furnished and clean, while he spreads a good table and that is well supplied,
